SUMMARY

An aspiring Entry-Level Software Developer with a problem-solving mindset, eager to apply my skills in real-world projects. As a fresher, I am passionate about learning new technologies and building user-centric solutions.

EDUCATION

2021 - present	Bachelor's Degree at A.K.T.U University	(CGPA: 7.9/10.0)
2021	Class 12th UP Board	(87.6)
2019	Class 10th UP Board	(83.33)

PROJECTS

Expense Tracker App

Developed a GUI-based Expense Tracker using Python, integrating Tkinter, Tkcalendar, and SQLite for seamless data management. Implemented interactive features like message boxes and Tk modules for an enhanced user experience. This project strengthened my understanding of database management, GUI development, and user interaction design.

Attendance Management System with Facial Recognition

Developing a web-based attendance management system utilizing facial recognition for automated attendance tracking. The system includes user registration, real-time recognition, and secure attendance logging. Using Python and PostgreSQL for the backend and HTML, CSS, and JavaScript for the frontend, this project enhances my expertise in full-stack development, database integration, and AI-driven applications.

SKILLS

Technical Skills

Languages C++,HTML,CSS,JavaScript,SQL,OOPs

Tools Visual Studio Code,GitHub

Soft Skills Leadership,Teamwork,Interpersonal,Adaptability

ACHIEVEMENTS AND CERTIFICATES

- Completed a HTML,CSS and JS for Web Developers by COURSERA
- Completed a C++ DSA by youtube
- Completed a LifeSkills and Employability Skills by Rubicon at RKGIT

LEADERSHIP

- Working as a member of Social Media team in Computer Society Of India(CSI Rkgit).
- Managed Cultural fest as a volunteer in Dance Competition.
- Volunteered with Vatsalya, organizing educational and skill-building workshops to provide marginalized com
